Profile

I am a motivated IT graduate from Nelson Mandela University, currently pursuing a Postgraduate Diploma in Cybersecurity. With a background in Software Development, I have built a strong foundation in programming and system design, which I now apply toward developing secure, reliable, and resilient systems.

I am passionate about secure application development and continuously improving my knowledge in cybersecurity practices to build solutions that are both functional and protected against modern threats. I am adaptable, eager to learn, and thrive in collaborative, innovative environments
